## Letter from the Operations Director

Dear Animal Lover,

This year has been about both success and challenges, uniquely. We are celebrating sixty years of saving lives and we continue to grow each year to extend our reach and how we can help animals and the community.

Support has been abundant with new events and initiatives in 2023, and we thank you. Your efforts, your donations, and your continued love for animals are extraordinary.

There were certain cases this year that shocked us and touched our hearts. Due to your unwavering support, we were able to save these animals. One of those was the Morkies that were found being hoarded in a house and in very bad condition. Our team was able to quickly and effectively help in every way that we could. Those dogs are living happy, healthy lives now in safe and loving homes.

Then, there was the recent story of Pokey, the young dog who needed surgery so he would be able to walk and live a normal life. Again, our community of caring stepped up and generously donated to Pokey's cause. His surgery was a success and Pokey looks forward to meeting his forever family soon.

During times of uncertainty, it is refreshing to be able to make a difference in our local community and even to extend that to help animals in need of our care, no matter where they originate.

On behalf of the North Fork Animal Welfare League, I share my gratitude with all of you for your generosity and I ask you to consider giving during this holiday season so we can continue to save lives and find loving homes for so many deserving pets.

Many Thanks,

*Gabby Glantzman*
