North Fork Animal Welfare League is a non-profit animal welfare organization which operates the Southold Animal Shelter. The League provides dogs and cats with food, shelter, medical care (vaccinations, de-worming, heartworm tests, Feline Leukemia Virus and Feline Immunodeficiency Virus and other preventative and curative treatments, as necessary), spaying or neutering, as applicable, etc. (and love!). NFAWL is under Town Contract to provide Dog Control Services for the Town of Southold. Dog adoption and license fees are payable to The Town of Southold. New York State does not license cats.

NFAWL rescues and cares for cats through the support of voluntary donations. Adoption fees are set at a minimum level to accommodate adoptions by persons of limited means. We request that if it is not a hardship you make an extra contribution at the time of adoption payable to NFAWL so that we may continue our work with the homeless cats and dogs of Southold Town and provide them with the care they deserve.

In order to help us serve our community better, please tell us how you heard about the Southold Animal Shelter:
